PRINCE JIN STEPHEN MOYA

+63-09309196764 | princejinstephenmoya@gmail.com | 160, Magdalo Potol, Kawit, Cavite

Education

Bachelor of Science in Information Technology St. Dominic College of Asia — Emilio Aguinaldo Hwy, Bacoor, Philippines 2025 – Present

- Relevant coursework: Programming, Web Development, Database Management, Software Development

Science, Technology, Engineering, and Mathematics (Senior High School) San Sebastian College Recoletos de Cavite — Manila-Cavite Road, Sta. Cruz, Cavite City, Philippines 2017 - 2023

Projects & Experience

grAIn — Quality Assurance & System Testing | TypeScript · Next.js · Node.js · AI

- Tested the grAIn Grain Drying System application to verify system functionality and check the accuracy of displayed outputs.
- Inspected prototype components, materials, and physical design to identify defects and potential issues.
- Evaluated component functionality and suggested design improvements to enhance system reliability.

ScentryX —UI/UX Designer | Node.js · Express · JavaScript

- Designed the application's user interface and user experience through wireframes and screen layouts to support intuitive navigation.
- Evaluated the system's application interface and outputs to identify potential issues and improve usability.
- Collaborated with team members to review design considerations and support the overall quality of the gas leak detection system.

Student Schedule Tracker — Mobile App | Flutter · Dart · Firebase

- Designed the mobile application's user interface and user experience (UI/UX) to provide a clear, organized, and user-friendly scheduling experience.
- Designed interface layouts for viewing and managing daily and weekly class schedules to support easy access to academic timetable information.
